

Titolo Evento:

PANCREAS SURGERY IN 2025 - FROM TECHNICAL ASPECTS TO ONCOLOGICAL OUTCOMES

[ID ECM 2112 – 441915]

Resp. Scientifico:	Marchegiani Giovanni, Spampinato Marcello		
Presidente:	Falconi Massimo		
Data inizio:	05/04/2025	Data fine:	05/04/2025
Tipologia Evento:	RES		
Sede:	Hotel President - Via Antonio Salandra, 6 Lecce (LE)		
N. Partecipanti:	120 partecipanti		
Crediti ECM:	7 crediti formativi		
Destinatari attività formativa:	Gastroenterologia, Oncologia, Chirurgia generale, Anestesia e rianimazione, Medicina Generale MMG (Di Famiglia), Medicina interna, Radiodiagnostica, Radioterapia		

INDICE GENERALE:

1 - RAZIONALE SCIENTIFICO

2 - PROGRAMMA SCIENTIFICO

1 - RAZIONALE SCIENTIFICO

Pancreatic surgery is undergoing a profound transformation, driven by advancements in technology, therapeutic protocols, and specialized training. This congress serves as a unique opportunity to review the state of the art and explore future developments, addressing key topics to optimize surgical approaches, reduce complications, and improve long-term outcomes in patients with pancreatic diseases.

2 – PROGRAMMA SCIENTIFICO

09:00 Participants' registration

09:30 Greetings from Authorities

- Presidente ordine dei medici di lecce: Antonio De Maria

- Rettore Unisalento: Fabio Pollice

- Direttore Generale ASL Lecce: Stefano Rossi

Autorità | De Maria Antonio G., Pollice Fabio, Rossi Stefano

10:15 Congress Introduction

Responsabile Scientifico | Spampinato Marcello, Marchegiani Giovanni

10:30 MASTER OF PANCREATIC SURGERY LECTURE

Evolution of pancreatic surgery in the third millennium: less is more

Presidente | Falconi Massimo

10:56 SESSION 1

Chairman: Mario Testini

Moderatore | Testini Mario , Memeo Riccardo , Leo Silvana, Carbotta Giuseppe

11:00 Vascular resections (artery – veins) in pancreatic surgery

Relatore | Ceyhan Güralp Onur

11:15 Q&A - Discussion

11:20 Is minimally invasive replacing open surgery?

Relatore | Demir Ihsan Ekin

11:35 Q&A - Discussion

11:40 Towards NO pancreas specific complications

Relatore | Laukkarinen Johanna

11:55 Q&A - Discussion

12:00 PDAC Resection - When neoadjuvant/when upfront

Relatore | Maggino Laura

12:15 Q&A – Discussion

12:20 Total Pancreatectomy is still indicated/justified?

Relatore | Salvia Roberto

12:35 Q&A - Discussion

13:00 Lunch

14:00 SESSION 2

CHAIRMAN: A. PEZZOLLA

Moderatore | Pezzolla Angela, Vincenti Leonardo, Cotsoglou Christian, Scaramuzzi Matteo

14:00 Surgery for preneoplastic lesions (too much / too few?)

Relatore | Marchegiani Giovanni

14:15 Q&A - Discussion

14:20 Metastatic PDAC is becoming / will never be a surgical disease?

Tandem Talk

Relatore | Giordano Guido, Guarini Vincenzo

14:40 Q&A - Discussion

14:45 Robotic Pancreatoduodenectomy in fragile patients: results from a multi-center study

Relatore | Marchese Tiziana

15:00 Q&A – Discussion

15:05 How to treat the pancreatic stump in left sided pancreatectomy in the era of robotic surgery

Relatore | D'ugo Stefano

15:20 Q&A – Discussion

15:25 Pancreatoduodenectomy: how to allocate patients to mis vs open surgery

Relatore | Ielpo Benedetto

15:40 Q&A – Discussion

15:45 SESSION 3

CHAIRMAN: CARLO MOLINO

Moderatore | Molino Carlo, Dell'anna Armando, Romano Stefania, De Luca Raffaele, Fracasso Agostino Lorenzo

15:45 ERAS protocols after distal pancreatectomy

Relatore | Panaro Fabrizio

16:00 Q&A - Discussion

16:05 How to train residents / fellows in the era of robotic surgery?

Relatore | Frigerio Isabella

16:20 Q&A – Discussion

16:25 Post resection pancreatic insufficiency: an underestimated issue

Relatore | Dell'anna Giuseppe

16:40 Q&A - Discussion

16:45 Sarcopenia and nutritional pre-habilitation in pancreatic surgery

Relatore | Scardia Stefano

17:15 Q&A - Discussion

17:20 ECM Test

17:30 Closure of the Congress

N.B. IL RESPONSABILE SCIENTIFICO SVOLGERÀ IL RUOLO DI SOSTITUTO IN CASO DI EVENTUALI DEFEZIONI DA PARTE DEI MEMBRI DELLA FACULTY.
